Project goals and value for Michigan Wheat Growers:

One paragraph description of value of project in everyday terms. Please mention if this project is a continuation of earlier work and if so, how it’s built off that.

Requested Budget: \$

Money for the year being requested and estimation for future years including how many years

Are there matching funds and from whom:

Please list pending and submitted grants.

Is this a collaborative project with other researchers and/or farmers with an on-farm research component: Please list other researchers, farmers or others you are partnering with on this project.

Body of Proposal:

Up to 4 pages of text and as many supporting images (charts, graphs, etc.) as necessary

Plans to Share Information with Growers:

Include your ideas which may include participating in the annual summer field day, annual winter meeting, poster presentations at meetings, publications and where those would be available, etc.

It is mandatory to include which month(s) and year you will be providing an article on this project for the Michigan Wheat Program's Monthly e-newsletter, Wheat Wisdom.

Budget Narrative:

One paragraph to describe any leveraged funding or additional commentary regarding funding request (e.g. previous or anticipated subsequent years of funding)

Communications Timeline:

One paragraph to describe what types of communications pieces, events, publications you will develop or partner on and when you would have them available. Also, please indicate in which month it makes the most sense to provide an article for publication in the monthly Michigan Wheat Program e-newsletter publication, *Wheat Wisdom*.

(e.g. Extension document ready over the winter and provide copies to growers at meetings throughout the meeting season. Highlight results in article for March e-newsletter issue, etc.)
